# President Speaks

Just when we thought we had reached the pinnacle of our impact, the Sunshine community once again exceeded expectations, proving that there are no limits to what we can achieve together. As we present the 10th Annual Report, we do so with great pride, reflecting upon a year of incredible accomplishments and progress on our journey.

The year 2023 brought a surge of new energy and unwavering dedication from our growing community. We welcomed a wave of new members, volunteers, and supporters, all joining us with warm enthusiasm and a shared commitment to making a difference.

Our children continue to be a source of immense pride. In the academic year 2022-23, all our children achieved outstanding results in their exams and boards. Witnessing their growth and witnessing them embrace their future with confidence fills our hearts with immeasurable joy and reaffirms the significance of our efforts.

One notable achievement was the establishment of the Gheja community center's study center in Sector 93, Noida. The center has flourished, thanks to the dedication of volunteer teachers who have been running art, science, and activity classes for a growing number of children across different age groups. We are immensely grateful for the tireless work done by our active members and volunteers, including collaborating with the government school in Gheja to set up a water cooler, organizing medical camps for children, showcasing the fantastic artwork of our children at the Diwali mela stall, and fostering connections through visits from the Polish Embassy. Furthermore, the support from kind-hearted individuals in the form of donations, including televisions, storage almirahs, furniture, and warm clothes, has made a significant impact on the lives of those we serve. We were also delighted to welcome several interns from different schools who volunteered their time and contributed to our after-school programs, further expanding our social network and reach at all levels.

As we embark on the next chapter of our journey, I extend my deepest gratitude to our incredible beneficiaries, sponsors, volunteers and supporters. Your unwavering belief in the Sunshine Society and your dedicated efforts have propelled us forward. Thank you for being an integral part of the Sunshine Society.

Warm regards,

*Vidya Akkireddy*

# General Secretary Speaks

I am thrilled to share with you our heartfelt gratitude as we commemorate the 10th anniversary of the Sunshine Society. It is a momentous occasion that fills us with immense pride and a deep sense of accomplishment. Over the past decade, we have dedicated ourselves to making a positive impact on the lives of those in need, and today, we stand united as a beacon of hope.

At the Sunshine Society, our vision is to create a happy society where every child gets an opportunity to study. Our website, [www.sunshinesociety.in](http://www.sunshinesociety.in), showcases the wide array of initiatives we have undertaken to realize this vision.

Education lies at the core of our endeavours, through our flagship programs, SEP(Sponsored Education Program) , EACH(Educate A CHild) and CEP(Career Education Program). We have established the system to sponsor and support the educational needs in the underserved communities. We believe that education is a powerful tool that can break the cycle of poverty and unlock the potential of every child.

The past year Sunshine Society was able to add an additional study center in Noida sector 93 only due to the dedication and commitment of the volunteers.

None of our accomplishments would have been possible without the unwavering support and generosity of our donors, volunteers, and well-wishers. Your contributions, both financial and in terms of time and effort, have propelled us forward and given us the strength to make a difference.

As we reflect on the past decade, we are filled with gratitude for the trust you have bestowed upon us. Together, we have transformed lives and ignited a ray of hope in the darkest corners. Let us continue this journey, hand in hand, as we strive to create a world where every individual can bask in the warmth of Sunshine.

Thank you for being a part of our journey.

Warm regards,

# Treasurer Speaks

Education is a beacon of hope, empowering individuals and communities alike to rise above adversity and unlock their true potential. At our NGO, we firmly believe in the transformative power of education and the immense impact it can have on the lives of those who are less fortunate. It is our collective responsibility to ensure that every child, regardless of their background or circumstances, has access to quality education.

Over the years, thanks to the unwavering support of generous donors like you, we have made significant strides in providing educational opportunities to underprivileged children. Through scholarships, school infrastructure development, providing after school support, innovative learning initiatives, we have witnessed the incredible difference education can make in breaking the cycle of poverty and providing opportunities to less privileged.

However, the challenges we face in our mission to promote education remain formidable. As we navigate through a rapidly changing world, marked by uncertainties and evolving needs, it is crucial for us to adapt and innovate. The COVID-19 pandemic has brought about unprecedented disruptions, exacerbating educational disparities and hindering progress.

As the treasurer, I assure you that your contributions, both big and small, are handled with utmost care and transparency. We value your trust and are committed to making the most effective use of every resource entrusted to us. Our financial management practices adhere to the highest standards, ensuring accountability and maximizing the impact of every rupee donated.

Together, we have the power to rewrite the narratives of countless lives, to foster a world where education is a fundamental right and a transformative force for all. Join us on this incredible journey as we create ripples of change.

Thank you for your unwavering commitment and generosity. With your support, we can build a future where education becomes a beacon of hope for every child.

## Ṛahmatein

Ṛahmatein, a fundraiser organised by Sunshine Society on January 22, 2023 was an event that witnessed true Ṛahmatein!

This Sufi evening planned in 10 days is a result of requirement of funds. The humongous task turned out to be fun and purposeful just because of the people associated with this. A feat that we pulled off because of the purity of intent and hard work by so many. Sunshine Society that was founded in 2013, started their After School study center in Gejha, sector 93, started operations in March 2022. The study center started with about 20 students now has over 105 students!

It was for this center that a fundraiser was organized and executed on the ground by the untiring efforts of Anupama, Vinita, Dipali, Nirupma, Sujata, Tanvi, Chaitali, Seema.. and all the residents of Silvercity and the AOA.

The fundraiser was further supported by our sponsors Purvanchal Projects Private Limited, a kind individual who does not wish to be named, Malabar Gold and Diamonds, a few more individuals who wish to remain anonymous.

Faiz Ali Khan, the lead singer and his entire team kept the audiences asking for more and Ramita Taneja the MC of the evening and also the vice president of Sunshine Society, ensured that the audiences remained connected during the much loved Sufi evening.

The unique feature of Sunshine Society is that the people involved are CEO's, Managing Director's, established doctors, exceptional home makers, Business owners, Embassy employees, and senior employees of their companies but when they come together for Sunshine they become photographers, they become water bearers, PR people, runner boys and girls, painters. They feel proud to be a part of a cause for their country. They all work voluntarily and are sponsors!

# Sponsor Speaks

I have had a very good association with Sunshine Society. My friends and I were looking forward to supporting needy children during the pandemic. Our dear friend had passed away during the second covid wave and we wanted to establish an endowment in her name.

Sunshine Society was suggested by a friend and we contacted them . There was an immediate response and we could start an endowment supporting a girl child Radha.

Subsequently we decided to support two more children. During the entire time, we have had a satisfactory association and have been gratified to see the children doing well.

Best wishes to Sunshine Society and many more years of fruitful association.

Thanks

Indira P Sarethy

# Sponsor Speaks

My association with Sunshine Society began more than 6 years ago. A casual phone-conversation regarding supporting a child's education got me interested, and I indulged in more details. Sunshine was a fledgling organisation back then, and was looking for sponsors to help educate Krish. What started as a one-off donation has today bloomed into a relationship of over 6 years.

Few things that stand out about Sunshine are their commitment to their cause (I got to know they do not take any salary for their service and do this completely voluntarily as a service to society), the professionalism with which they approach the charitable cause (they are impeccable with their documentation, reminders, tracking and reporting), the genuineness with which they approach each child (they are extremely passionate when they approach me to extend the sponsorship to the next academic year for continuing the child's education...it makes me realise the noble cause that they have given me an opportunity to get associated with), and their candour (they are matter-of-factly, when they explain the need and are also prepared to find alternate sources of funds even if one sponsor declines to extend the sponsorship).

Sunshine Society has kept me updated on Krish's progress in his academics through the years, and has also found a better school for him given his meritorious record, so that Krish doesn't miss out on achieving his scholastic potential. When I get to see the report card of Krish every year, I am convinced that every penny that I have channelled through Sunshine has been genuinely spent on the cause specified. The satisfaction of seeing a child developing into an educated and responsible teenager over the years is an added blessing. Thanks to Sunshine, I get to experience this and be part of Krish's journey in my small way.

My Heartiest Congratulations to Sunshine Society for completing a decade of service to the children and senior citizens. I have been a part of Sunshine Society since its inception and can categorically state that Sunshine Society has infused new energy, hope and purpose in my life. Sunshine Society has carried forward what I started almost 15 years back and has learnt and put the experience to good use by opening new study centers. The young energetic team of Sunshine has ensured the best education of children and have strived for equal study opportunity for all the children. My support and best wishes always to the team and I am happy and proud to be a part of this Society.
