## Who we are

Sunshine Society was founded in June 2013 by 11 women members from all walks of life including Doctor, Lawyer, Chartered Accountant, Social Workers, and IT Professionals. Currently Sunshine Society includes 4 life members and 23 Annual members. All founding members are employed professionals and work with Sunshine on an honorary basis.

**The USP of Sunshine is massive civic engagement which makes it possible to make a visible difference and provide support to the society where we live.**

The diversity of community groups and individuals within its fold allows for multi dimensional ideas to grow to reach out to causes that it espouses.

The ongoing effort to empower citizens to create positive social change is clearly articulated in its approach towards fund raising methods. The effort is to make people realize that contributing to society also benefits the self, as it does the focus groups thus improving social capital and also empowering a culture of participation.

## The Key Responsibility Areas (KRA's)

## Our Approach under different KRA's

1. **Sponsored Education Programme** : A). Objective is to sponsor the education of children of migrant workers/ labourers/ house-helps, support staff in a locality.  
B). Generating funds through **“raddi collection”** from households/ societies and cash donated in lieu of raddi by the residents within the locality. **Massive engagement of more than 4000 households across.**  
C). Schools are selected on the basis of predefined criterias like proximity, academic quality, receptiveness of school and staff and others.  
D). Admission is secured for the children.
2. **Educate A Child** : A). Objective is to sponsor higher education for children of the economically weaker section of the society  
B). Funds are created by bringing specific individual donors and children together and provide a one on one connection to ensure a four year minimum financial support commitment.  
C). The donors are at a liberty to donate a specific amount monthly, quarterly or annually.

D). List of children is prepared based on the recommendations of volunteers and also children are picked from Sunshine After School Study Centres.

E). The progress of the children is tracked, regularly monitored and shared with respective donors.

3. **Career Education Programme:** A). The objective is to sponsor/facilitate graduate, postgraduate and vocational studies of underprivileged children to make them career ready and enable them to earn a livelihood for themselves.  
B). Funds are generated through either CSR or individual donors. A part of the cost of entire study is borne by the student and rest is borne by Sunshine through this fund.  
C). During the entire period, the children are counselled, made aware of different courses, guided and mentored, provided resources for preparation of entrance exams, helped in getting bank loans and filling of applications.
4. **After School Study Programme:** The objective is to bridge the knowledge gap and to support in mainstreaming of the children. The After School Study Programme started as a vision of Shri V P Gupta in 2008 with 4 children and has tremendously grown to 158+ children. Sunshine Society has after schools in sector 50 & 51 Noida and in Indirapuram. This program also includes medical support for the children when required.
5. **Senior Citizen Action:** A). The objective is to develop and conduct programs that engage and benefit the senior citizens.  
B). Provide a platform where senior citizens can come together to share, discuss and enjoy time with each other, be able to share their experiences with the younger generation and get them engaged in continuous activities.  
C). Organize medical camps, counselling sessions, Technology workshops for seniors.
6. **Model Village Programme:** The objective of this programme is infrastructural development of the village, save environment (waste & renewable energy) provide education to children, generate employment and provide health care.
7. **Medical Support:** A). Objective is to provide support and facilities during medical emergencies.  
B). Funds are generated from corporate sponsors and through CSR.

# Our Strength

"Quint has been associated with Sunshine NGO since the last 5 years. Our experience working with the teams at Sunshine has been very satisfactory.

Sunshine has been doing exemplary work in the field of primary and secondary education and we are proud to be associated with them in this noble endeavour.

Quint will continue to support Sunshine in their quest for education and senior citizen benefits.

We wish them the very best for their journey ahead"

"While most of us discuss the problems of our country in our living rooms, it is the people like Sunshine Team who go out and make a difference. Being part of Team Sunshine walking in dust, muck, filth, smells and what not brings in a higher resolve to create model villages. The first few steps have been overwhelming and gratifying."

# Donor's Acknowledgement

Education is the most powerful weapon which you can use to change the world.

---Nelson Mandela

As rightly pointed out by Mr. Mandela, when we educate a child, we not only empower him/her as an individual, but also create global citizens, who would work towards a healthier and a more civilized society. While the goal of universal elementary education is a long way from being achieved, at Sunshine Society I found a group of strong and committed individuals who are working tirelessly, to bring the light of quality education into the lives of underprivileged children. I first came across Sunshine Society, when they had started their "Raddi Initiative" to convert household waste to education in our society. Over a period of time, I came to know of their initiative "Educate a Child (EACH)". I had been wanting to formalize a way to sponsor the education of my maid's daughter, who was highly deserving, but missing out on school, because of her widowed mother's inability to make ends meet. In Each, I saw an opportunity to make a difference in the child's life. When I approached Sunshine, they diligently assessed, how deserving the child was, based on her current academic performance, and earning capacity of parents, and agreed to enroll her for the next academic session. I am able to meet the child at the Society's events and happy to see her progress. I am glad to see Sunshine's focus on quality education and keeping me updated on the child's progress by emailing a quarterly academic report. I appreciate and like the fact that sunshine works at a more local level, trying to make a difference in the lives of the children of our household helps, dhobis, malis, and many more who truly need it. I am proud to have partnered with Sunshine for "Educate a Child (EACH)", and doing my bit. I wish Sunshine all the very best to continue bringing the rays of Education and Hope into the lives of many more deserving children. "Padhega India, tabhi to badhega India"

***Supriya Chhabra***

"Rimaa introduced me to the world of Sunshine 2 years back. I was impressed by their commitment in educating the underprivileged.

The best part was the quality focus on the education, the transparency in financials, allocating a child to the sponsor whose progress we get to monitor and at the end the satisfaction of genuinely contributing in a small way to an authentic organization supporting a brilliant cause. Wishing the organization and the core team the very best for the future"

**Message from the District Magistrate**

I am grateful to the Sunshine Society to have me invited here at this occasion. After going through the pictures, what I see is a perceptible change in the part of the building structure. A good infrastructure is a prerequisite to the good study environment. The efforts of the society requires an acknowledgment to that extent. I congratulate the society but at the same time expect them to do more positive activities in the interest of govt. schooling system in this district.

The Sun Shine Society,  
Through RWA Antariksh Greens, NOIDA.

The Sun Shine Society, who had conceived the thought of taking some Senior Citizens for "gallivanting" to Garh Mukteshwar - but the destination had to be changed due to unavoidable circumstances to Bolanic lodges via Gurgaon, was something unperceived;

But

it is the thought that matters. It was great and far-super. It not only introduced us to each other but made us share same things together. Keep it up.

May God Almighty continue to bless you. A Great Beginning. keep it up.

## Message from the Principal

I, on behalf of the entire school, would like to show my gratitude to the NGO – Sunshine Society and specially to Vaishali Joshi Mehta for their efforts put in into making my school better for the students as well as the staff. Special thanks to Mr. Deepak Methi for sponsoring the entire project.

They have helped in renovating 3 rooms which would be helpful in accommodating students in a better way and repaired the school infrastructure.

I thank everyone for their involvement in our school and their willingness to take on the completion of tasks beyond the comfort zone.

All efforts are highly appreciated.
